### Invitation

In the framework of the project **Enhancing Enforcement under Brussels Ia**, which aims to shed light on the relationship between Regulation No 1215/2012 (Brussels Ia) and other EU law instruments, with a view to investigating the impact it produces upon the effective application of the EU law acquis on judicial cooperation in civil matters and with specific regard to the effective enforcement of judgments, in light of the collected case-law, the **Faculty of Law, University of Tirana** is organising the online seminar on *Effective Enforcement under Brussels Ia regime*.

The purpose of the event is two--fold: firstly, to disseminate the knowledge of the legal framework (Brussels Ia) analysed in the context of the project and secondly, to enrich the analysis carried out in the context of the project through the perspective of a State candidate for accession, which might offer valuable insights concerning the impact of the application of Brussels Ia regulation in Albania after accession and the modifications of the internal legal system needed in order to allow the regulation at issue to effectively apply. For further information regarding the project: (<https://dispo.unige.it/node/1042>).

We have the pleasure to invite you at the **Online Seminar** with the School of Magistrates, **on Thursday, October 15, 2020, at 11:00**. The seminar will take place on Zoom platform and will provide simultaneous interpreting. For your information, a further instruction sheet will be sent to the participants by our technical team. Should you encounter any issue with logging in please contact the technical support of Language Solutions at [languagesolutions@mail.com](mailto:languagesolutions@mail.com).
